

St Katharines House

St Katharines House is a collection of just five – one and two bedroom flats. The building is locally listed and dates back over 200 years. The original building has been extensively refurbished and brought up to new building regs requirements.

All units will be available on the governments help to buy scheme, meaning you can move in with only 5% deposit and reduce your mortgage payments for the first five years.

Earlswood Homes is an award winning, privately-owned property development company that focuses on delivering high quality homes in desirable locations.
